NEWPORT DAILY NEWS.

Published every morning (Sundays excepted)

BY GEORGE T. HAMMOND,
At 123, Thames Street.

MONDAY, FEB. 14, 1859.

Things are quiet. Even Tray and Jewer, who were wont to render night hideous by their vociferous yells, have now retired doggedly to their kennels, where they conduct plans to circumvent their common enemy "old Carpenter," while Tiger and Lion walk the streets with depressed tails and subdued looks. The Pow-wow Association, whose place of meeting was the streets, and whose creed and practice was to insult ladies as they passed, have drawn off and disbanded. Uncle Sam sends his soldiers over from the Fort every pleasant day, who parade Thames Street with their horses, to the admiration of the "nothing-to-do" club thronging the sidewalks. Beyond this, "order reigns in Warsaw," even the horses, that sometimes dash driverless through our streets, dashing equipages to pieces, having become remarkably circumspect. There always comes a calm before a storm, and we may confidently expect something by and by.

The Mercury suggests a re-union of the sons and daughters of Newport, at the old "home-land," and names August, 1859, as the proper season for the gathering. Our neighbor is running over with new projects; if he goes on this way, some one will have to hold him. The suggestion is a good one, however. Were all, or even half, Newport's absent sons and daughters to assemble here at one time, we should behold a multitude such as that venerable personage "the oldest inhabitant," has seldom seen at one time in Newport.

REMEMBER THE LADIES.—The Festival at the Island House, to-night, by the Ladies of Zion Church, claims the attention, alike, of the ladies and gentlemen of our city, both for the worthiness of its object, and the superb manner in which the arrangements have been made. Go, and invest a dime, and get therefor your fill of social enjoyment. For particulars, as to time, &c., see advertisement in another column.

A mistaken idea prevails in relation to the charge made to the General Assembly, respecting the falsification of the public records. A bold attempt was made to cut off further examination into the matter, but it failed altogether. The subject is now before the original committee, of which Mr. Van Zandt is chairman, and it will undergo a searching investigation the coming week, the committee being empowered by the House to call for persons and papers.

Those young gentlemen who complimented us in front of our office Friday evening with a serenade, may be assured from us that their kind attention is none the less appreciated from the fact of their having arrived a few moments after we had left the office for the night. Those who heard it, say the music was very fine.

The 11th lecture for the benefit of Hercules Engine Company No. 7, will be delivered in their hall on Howard Street to-morrow evening, by Rev. C. H. Malcom. It is presumed the Rev. gentleman will bring forth from the storehouses of his mind that which will amuse and instruct his auditory. The price of admission is only ten cents.

To-night Mayor Cranston reads his poem, in Music Hall, on the "Follies of the Age." Go and hear it.

Miscellaneous Items.

Hon. George Easton, from Louisiana, is to marry the rich heiress of Washington, Miss Corcoran.

James Dougherty, of Petersburg, Va., on Friday, with a rifle of his own make, fired twenty yards at a three cent piece, and hit it six times in succession.

Miss Burdett Counts has given \$125,000 for the endowment of the Church in British Columbia. This is the third Bishopric she has endowed.

Some Portland physicians extracted a bullet from the brain of a Mr. Sherwood, of Canada, a few days ago. The ball was shot into his head some six months ago.

Passing along, a youth tore his coat on a nail in a barrel—seeing which he struck an attitude and exclaimed "See what a rent the curious cask has made!"

Fillbuster Walker joined the Catholic Church at Mobile, on the 1st inst. He was educated and studied for the Presbyterian Ministry.

The Fair Haven, Ct., people are starting after North Carolina shad. They take ice with them, catch the fish, pack them, and return to New York.

Edward Everett says: "For myself, I am no aristocrat, I do not own a quadruped larger than a cat, and she an indifferent mouser, nor any kind of vehicle, with the exception, possibly, of a wheelbarrow."

The Massachusetts Legislature has made a grant of \$2,500 a year, for ten years, to an association of Banks, for the suppression of counterfeit Bank notes. Photography is now used to reproduce Bank bills with great success.

XXXVTH CONGRESS.

Second Session.

WASHINGTON, Feb. 10.

In the Senate, Mr. Bright's Tariff resolution was up, and Mr. Clingman spoke at length in opposition. Mr. Simmons replied, when the subject was postponed until to-day. Mr. Hunter having the floor. Mr. Seward tried to get up the Indiana Senator's case, but failed by one vote. The Cuban bill was then taken up, and Mr. Foot moved to amend that no payment shall be made until the Treaty shall be ratified by the Senate. Mr. Foot and Mr. Pugh occupied the session, Mr. Benjamin having the floor at adjournment.

In the House, the disputed seat of the delegate from Nebraska was laid on the table by six majority. The bill for the admission of Oregon was debated for a short time, and made the special order for Saturday. During the evening session, Mr. Keim spoke in favor of Protection, and Mr. Taylor of Louisiana in favor of the acquisition of Cuba. Mr. Abbott opposed the latter proposition. After the debate upon the Oregon bill, Mr. Taylor of N. Y. made an expose of the enormous sum paid by the Government for printing.

WASHINGTON, Feb. 11. In Senate, Gov. Seward called up the Indiana Contested Election, but it was laid on the table by the decisive vote of 30 to 21—All the Republicans present, and none others, voting in the minority. Where was Douglas? The Cuba bill was then taken up, and Mr. Benjamin of La. elaborately advocated it. He asserted that Cuba must either be acquired by the United States or Slavery would die out there, &c. He talked of peaceable acquisition, but evidently spoke to inflame the popular appetite to the stealing point. Nothing else was done.

In the House, the Oregon Admission bill came up, and was the occasion of miscellaneous debate upon the Oregon, Kansas, and other Territorial questions, until there were only a dozen members in the Chamber. Nothing was done with it, and the House adjourned.

GENERAL ASSEMBLY.

FRIDAY, Feb. 11.

A communication was received from the Quartermaster General enclosing the account of the Providence Marine Artillery against the State, amounting to \$748 66; which was received and referred to the Committee on Finance.

Mr. Bayley, from the Committee on Education, reported back the petition of Daniel A. Sweet and others for an act to incorporate the First Baptist Church in Johnston; which was granted and the act passed in concurrence.

Mr. Eames, from the Committee on the Judiciary, reported back the petition of Norris Lodge and wife to adopt child; which was granted and act passed in concurrence.

Mr. Eames, from the same committee, also reported the petition of Albert Henry Quinn for change of name to Albert Henry Hayward; which was granted and act passed in concurrence.

Mr. Randall, from the Committee on Corporations, reported the memorial of the Slater Mutual Fire Insurance Company for amendment of charter; which was granted and act passed in concurrence.

Mr. Urdike of South Kingstown submitted a resolution directing the Judiciary Committee to inquire whether the chancery or equity powers of the Supreme Court ought to be further restricted or limited; and that the rights of the trial by jury be further preserved, and that they report by bill or otherwise; which resolution was passed.

A resolution from the House appointing a joint select committee to report constitutional amendments, was passed in concurrence, and Messrs. Urdike, Eames, Randall, Knowles and Peck added to the committee on the part of the Senate.

The act to prevent the explosion of steam boilers was taken from the table, read and passed.

Adjourned to 11 o'clock on Monday.

House of Representatives.

Mr. Saunders of Scituate presented the petition of Usher Parsons, in behalf of the Rhode Island Historical Society, asking the use of the hall of the House of Representatives on Tuesday evening the 22d instant, in which to hold its annual meeting. The petition was read and the request granted.

Mr. Sanford, from a majority of the special committee on the memorial of Isaac Walling and Lyman Hawkes, claiming to have been elected representatives from the town of Burrillville on the first Wednesday of April last, submitted a written report thereon, accompanied by a resolution declaring that they were legally elected, and are entitled to seats in the House of Representatives.

The report was received, read, and ordered to be printed.

Subsequent to the reading of the report Mr. Ballou of Smithfield moved to strike out the portions which pretended to give the opinions of the majority of the Committee in the Newport contested election case.

The motion led to a somewhat desultory debate, which was terminated by the adoption of a motion of Mr. Sheffield of Newport to recommit the report for amendment.

Mr. Sheffield, from the Committee on the Judiciary, made an adverse report on the petition of John T. Arnold and wife for leave to sell real estate. The report was adopted, and the petitioner had leave to withdraw.

Mr. Flagg, of Smithfield, pursuant to previous notice, introduced a bill in amendment of the chapter of the Revised Statutes in relation to guardian and ward; which was read twice and referred to the Committee on the Judiciary.

The House then resumed the consideration of the following resolution:

Resolved, That in assuming equity jurisdiction in the case of Robert H. Lee vs. Charles T. Hazard, upon which a decree was issued to the Supreme Court at its September term, 1856, that said court exceeded the authority conferred upon it by the General Assembly, and that the equity proceedings in said case should be wholly annulled, retried, and annulled, and the complainant left to seek his remedy before a court of common law, in conformity with the constitution and laws of this State.

The resolution was supported by Mr. Pierce of Johnston and Mr. D. Clarke of Cumberland, and opposed by Mr. Dixon of Westerly.

The inter gentleman, before concluding his remarks, gave way to a motion to postpone further debate upon the resolution, and to make it the order of the day for Tuesday next.

The House then adjourned to meet again on Monday next at 11 o'clock.

A HINDOO STORY.—The following would be sacrilegious, if related of white folks, but as it is it will pass:

A poor Hindoo having been released from the care of this world, and from a scurvy wife, presented himself at the gates of Brahma's paradise.

"Have you been through purgatory?" asked the god.

"No, but I have been married," he replied, seriously.

"Come in, then, it's all the same."

At this moment arrived another defunct, who begged to go in also.

"Soberly! soberly! Have you been through purgatory?"

"No, but what of that? Did you not admit a moment ago, one who had not been there any more than I?"

"Certainly, but he had been married!"

"Married! Who are you talking to? I have been married twice!"

"Oh! pshaw!" replied Brahma. "Get away. Paradise is not for fools!"

QUAINT MARRIAGE NOTICE.—The following quaint and curious announcement we clip from the Gallipolis (Ohio) Journal:

In Huntington, Gallia county, on the 5th inst., by Rev. H. Wilcox, Mr. Wm. S. Mapes of Meigs county and Mrs. Margaret Tennill of the former place.

TIME OF BIRTH.

In 1793 The first that e'er was known of me; With squalling tones I then began, But now I have the voice of man.

Your time of birth, dear Wm. S., You've told so plain that none need guess. Add one to seven, round off your nine, Take 1 from 3 and you have mine.

The *Arrostok Pioneer* tells of a bachelor residing in that vicinity, who recently married and took his fair bride home, when his watchful dog interposed, and would not allow the lady to occupy the same lodgings with his master.

The Boston *Advertiser*, in alluding to the recent Mechanical Steam Bakery, destroyed there by fire, says: "We are informed that the bakers of this city charge \$6.72 for converting a barrel of flour into bread. The price charged at the mechanical bakery was \$3.20 per barrel, a saving of \$3.52 to the customers on every barrel. Statistics show over 300,000 barrels of flour per annum are consumed in this city and the immediate vicinity. This, converted into bread by the old process, would cost \$2,016,000, and by the mechanical bakery, \$987,000, a saving of \$1,029,000 per annum to the public."

There is (says an English paper) now living in the parish of Ombersley, on the banks of the Severn, a good lady, whose son being a somewhat lively, venturesome youth, occasions his mamma considerable anxiety when he has been long absent from home, for fear that he should have got into some mischief. On such occasions, she generally goes among her neighbors, inquiring if they have seen anything of "her boy?" Strange to say "her boy" is actually a great-grandfather, and she is, of course, a great-great-grandmother, being the eldest of five generations, all alive and well.

The members of the Putnam Phalanx, of Hartford, a fine military corps, have decided, in purchasing their new uniforms, to get the exact uniform worn by Gen. Washington, at the time when he resigned the command of the American army. For this purpose they have procured exact drawings to be made of the identical uniform itself, at the Patent office in Washington, and this pattern will be followed exactly, even to the number, size and color of the buttons, style of pockets, chapeau, boots and all.

Ministers are not always careful in adapting hymns to occasions. A correspondent of the *Presbyterian* says, that at the funeral of a late pastor of a church in New England, the officiating minister gave out to be sung as the concluding hymn, "Not all the blood of beasts," and as the remains of the deceased clergyman were carried down the aisle, the afflicted congregation reached the expressive lines:

"Believing, we rejoice,
To see the curse remove."

They are getting up a mammoth prize dance in Liverpool, Onondaga county, to come off early in April. There are to be 1,600 tickets at \$2 each, and the dancing is to occur at two hotels; ticket holders having the privilege of attending both dances, which will go on simultaneously. The prize is the new canal boat "Major Holt" and four horses. During the evening, there will be a "drawing," and the holder of the lucky ticket will receive the boat and horses.

The smoothness of the ice between Albany and Newburg, on the Hudson river, has brought out several ice boats, which get over the ice at the rate of nearly thirty miles an hour. One of these boats, says the *Knickerbocker*, left Albany for Hudson a few mornings ago, and went the first seven miles in thirteen minutes.

The name of the yacht *Wanderer* has been stricken from the list of yachts forming the New York Yacht Club Squadron, and its owner, W. C. Corrie, has been expelled from membership, for his deliberate violation of the laws of the United States in bringing a cargo of Africans to this country.

A lady who began to weary of the criticism of a party of gentlemen on ermines, exclaimed, "So long as hooped skirts keep foolish people at a convenient distance, just so long will they be tolerated."

The Dublin *Nation* states that William Smith O'Brien is about to visit the United States, and that he will sail from Galway within a short time, Mr. O'Brien purposes to travel through the Union.

The horn of David Gifford, at Fall River, R. I., was burnt on Saturday. Loss \$150 to \$200. No insurance.

The National Theatre and Howard Athenaeum in Boston, have both closed for want of patronage.

The "Army of occupation" on Staten Island has cost somebody \$63,249.58.

Occasionally a really valuable medicine is introduced, and as suddenly disappears as it is introduced. Such a medicine is Dr. Wadsworth's Dry Up—which, by the way, we have to mention in pronouncing a cure for Catarrh in its worst form.

The Dry Up has been before the public but a few months, and yet it is already meeting with a rapid sale, both at home and abroad. Like Dr. Wadsworth's Vegetable Compound Syrup, it takes its place among the great and valuable standard medicines of the present day. The genuine article is offered for sale by that eminent and experienced Druggist and Chemist, Mr. H. H. Burlington, No. 61 North Main street—Pray Gen Adr.

 Talk of beauty, it cannot exist without a

PROF. WOOD'S Hair Restorative.—We call the attention of all, old and young, to this wonderful preparation, which turns back to its original color, gray hair—covers the head of the bald with a luxuriant growth—removes the dandruff, itching, and all other eruptions—causes a continual flow of natural fluids; and hence, if used as a regular dressing for the hair, will preserve the scalp and keep it from falling to extreme old age in all its natural beauty. We call this upon

the bald, the grey, or diseased in scalp, to us it; and surely the young will not, as they wear the flowing locks, or the witching curl, either without it. Its praise is upon the tongues of thousands.

The agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard to the Restorative, a few weeks since:

DEEP RIVER, Conn., July 25, 1856.

Mr. Leavenworth—Sir: I have been troubled with dandruff as soon as my head is shaved.

more than a year, my hair began to grow on the scalp and hair together. I saw in the New Haven paper about Wood's Hair Restorer, and at once, I called at your store on the 1st of April last, and purchased one bottle. I used it, and I found to my satisfaction it was doing; it removed the scurf and the hair began to grow, it is now two or three inches in length where it was all off. I have great faith in it. I wish you to send me another bottle more by Mr. Post, the bearer of this.

PHILADELPHIA, Sept. 9, 1856.
 PROF WOOD—Dear Sir: Your letter
 restorative is proving itself beneficial to me.
 The front, and also the back part of my head
 almost lost its covering—in fact BALD. I have
 used but two half pint bottles of your restora-
 tive, and now the top of my head is well and

ded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours respectfully,

The following persons can be found, and

their opinions about the

ROSEMARY.

ABRAHAM A. THOMAS, Esq., Rotterdam, Y., writes:—"Am 73 years of age, and have bald 35 years; have used two bottles of y. Rosemary, and my hair is now two inches long."

HENRY SYLVANUS COBB, Boston, Mass. "We had rather pay for it than have other preparations for nothing." &c.

Mrs. D. FARR, Cambridge, Mass.—"Has used your Rosemary with great success keeping my hair black, as age was turning fast."

Mrs. DANIEL B. CONNOR, Boston, Mass.—"Eight months ago I was bald—my hair now long and healthy—I know your Rosemary."

OSIAN E. DUNGE, Esq., Vocalist, now
Cleveland, Ohio—"It gives a rapid growth
and dark glossy texture, and does not soil a
hat or pillow in the least; I know of nothing
so valuable for the hair."

 MRS. L. SWEENEY, Boston, Mass.—"It
 restored my hair to build head, and from grey
 black color," &c.
 HON. C. HUNT, Lowell, Mass.—"To

more dandruff, and keep the hair moist a glossy, we have never found anything good."

Dr. HOFFMAN, Esq., (Editor of Germ Weekly,) Boston, Mass., and his wife say—"It causes hair to grow vigorously gives beauty and splendor—is better than European articles." &c.

C. H. STOCKING, Esq. (Trinity College, Hartford, Ct.).—"By using it my hair turns from a sandy to a brown color; it was naturally dry, but it is now moist."

A. F. WOOD, Chemist, New Haven, Conn.—"I saw a fair head of very dark hair on a man that six weeks ago was bald. He had used nothing but your Rosemary." &c.

PRYING HOUSE, Boston, July, 1867. I had no more hair on my head than an infant seven months ago. It is now thick, healthy, growing rapidly, and of a fine, dark color. I can positively say that J.
